## Experience

### NSCC TAP Student Ambassador

NSCC • Halifax, NS
06/2021 - 07/2021

- Was hired As a Student Ambassador for the TAP program funded by IBM in cooperation with NSCC and the Nova Scotia Government.
- Monitored class of 35+ students progress and performance regarding HTML and CSS skills during their time doing NSCC's web development course.
- Alerted Faculty course instructors of students struggling in the program.
- Assisted faculty in answering student questions.
- Spent 16 hours assisting a student who was struggling with the program.
- Helped students with their code and created a comfortable environment for them to approach me with questions.
- Was Given a letter of recommendation by program manager based on student and faculty feedback.
- Actively built upon my own knowledge while simultaneously helping students learn and pay attention in class.
- Built a good relationship with the students and was considered a fun Ambassador.
- Greeted students everyday and ensured Covid restriction and social distancing were met.

### Hobby - Building, Troubleshooting and Repairing Computers

01/2012 - Present

- Built,repaired and upgraded several computers.
- Diagnosed and repaired a file Server for HMSHost at Halifax Stanfield airport.
- Provide technical support in person and remotely to friends, family and others.
- Experience Running, hosting and managing servers.
- Over 10 years of windows OS troubleshooting experience from windows XP to windows 11

### Online Order Picker/fullfillment
